

Dear Neighbors,

On December 4, 2017, Judge Della Vecchia dismissed the Character Matters complaint against the Zamigias Development group.

Character Matters is a group of more than 300 people who financed and publicly opposed this development on Centennial and Blackburn Streets. This group of residents voiced their opposition at several Sewickley Borough public meetings. Some of the issues were: height, ten-foot setbacks, inadequate parking/loading, and the mass of the buildings. All of these issues are delineated in Sewickley Borough codes and yet all of these requirements were ignored. The Zamagias group and the Sewickley Borough Council, the Mayor and the Borough Manager were present at these public council meetings and heard all of the negative remarks of the residents. Not one person spoke in favor of this development. Amazingly, the Borough Council voted in favor of building the condos.

CharacterMatters is grateful for the residents' support and wishes for better borough governance in the New Year.
